

Year 13 iPad Scheme

Abbey Christian Brothers Grammar School is committed to innovating with educational technology to enhance communication, teaching and learning within our school community. We embrace the opportunities that iPad technology has presented us with and authorise the use of an authorised Apple iPad in a manner consistent with the established teaching and learning objectives of the school. We also recognise and encourage the use of the iPad at home. Abbey Christian Brothers Grammar School will facilitate the ordering of iPads either through an outright purchase or payment terms over 20 months. Pupils may alternatively purchase or use their own iPads directly. All iPads used in the school will be subject to our rules and procedures and acceptable use policy.
